FREEDMEN'S BUREAU PRESERVATION PROJECT

This National Archives microfilm publication is part of a multiyear project to microfilm the field office records of the Bureau of Refugees, Freedmen, and Abandoned Lands (Freedmen's Bureau). The project was made possible by the United States Congress through The Freedmen's Bureau Records Preservation Act of 2000 (Public Law 106-444). When completed, all of the field records for the States of Alabama, Arkansas, Delaware, Florida, Georgia, Kentucky, Louisiana, Maryland, Mississippi, Missouri, North Carolina, South Carolina, Tennessee, Texas, Virginia, and for the District of Columbia will be available on microfilm. For microfilm availability and description, view both the microfilm catalog *Black Studies: A Select Catalog of National Archives Microfilm Publications* and the National Archives microfilm locator on our web site at www.archives.gov.

INTRODUCTION

On the 133 rolls of this microfilm publication, M1904, are reproduced the records of the Kentucky headquarters for the Assistant Commissioner and his staff officers and the subordinate field offices of the Bureau of Refugees, Freedmen, and Abandoned Lands, 1865-1872. These records consist of bound volumes and unbound records, containing materials that include letters sent and received, monthly reports, registers of complaints, labor contracts, and other records relating to freedmen's claims and bounty payments. These records are part of the Records of the Bureau of Refugees, Freedmen, and Abandoned Lands, Record Group (RG) 105.

HISTORY AND ORGANIZATION

The Bureau of Refugees, Freedmen, and Abandoned Lands, also known as the Freedmen's Bureau, was established in the War Department by an act of Congress on March 3, 1865 (13 Stat. 507). The life of the Bureau was extended twice by acts of July 16, 1866 (14 Stat. 173), and July 6, 1868 (15 Stat. 83). The Bureau was responsible for the supervision and management of all matters relating to refugees and freedmen, and of lands abandoned or seized during the Civil War. In May 1865, President Andrew Johnson appointed Maj. Gen. Oliver Otis Howard as Commissioner of the Bureau, and Howard served in that position until June 30, 1872, when activities of the Bureau were terminated in accordance with an act of June 10, 1872 (17 Stat. 366). While a major part of the Bureau's early activities involved the supervision of abandoned and confiscated property, its mission was to provide relief and help freedmen become self-sufficient. Bureau officials issued rations and clothing, operated hospitals and refugee camps, and supervised labor contracts. In addition, the Bureau managed apprenticeship disputes and complaints, assisted benevolent societies in the establishment of schools, helped freedmen in legalizing marriages entered into during slavery, and provided transportation to refugees and freedmen who were attempting to reunite with their family or relocate to other parts of the country. The Bureau also helped black soldiers, sailors, and their heirs collect bounty claims, pensions, and back pay.

The act of March 3, 1865, authorized the appointment of Assistant Commissioners to aid the Commissioner in supervising the work of the Bureau in the former Confederate states, the border states, and the District of Columbia. While the work performed by Assistant Commissioners in each state was similar, the organizational structure of staff officers varied from state to state. At various times, the staff could consist of a superintendent of education, an assistant adjutant general, an assistant inspector general, a disbursing officer, a chief medical officer, a chief quartermaster, and a commissary of subsistence. Subordinate to these officers were the assistant superintendents, or subassistant commissioners as they later became known, who commanded the subdistricts.

The Assistant Commissioner corresponded extensively with both his superior in the

Washington Bureau headquarters and his subordinate officers in the subdistricts. Based upon reports submitted to him by the subassistant commissioners and other subordinate staff officers, he prepared reports that he sent to the Commissioner concerning Bureau activities in areas under his jurisdiction. The Assistant Commissioner also received letters from freedmen, local white citizens, state officials, and other non-Bureau personnel. These letters varied in nature from complaints to applications for jobs in the Bureau. Because the assistant adjutant general handled much of the mail for the Assistant Commissioner's office, it was often addressed to him instead of to the Assistant Commissioner.

In a circular issued by Commissioner Howard in July 1865, the Assistant Commissioners were instructed to designate one officer in each state to serve as "general Superintendents of Schools." These officials were to "take cognizance of all that is being done to educate refugees and freedmen, secure proper protection to schools and teachers, promote method and efficiency, correspond with the benevolent agencies which are supplying his field, and aid the Assistant Commissioner in making his required reports." In October 1865, a degree of centralized control was established over Bureau educational activities in the states when Rev. John W. Alvord was appointed Inspector of Finances and Schools. In January 1867, Alvord was divested of his financial responsibilities, and he was appointed General Superintendent of Education.

An act of Congress, approved July 25, 1868 (15 Stat. 193), ordered that the Commissioner of the Bureau "shall, on the first day of January next, cause the said bureau to be withdrawn from the several States within which said bureau has acted and its operation shall be discontinued." Consequently, in early 1869, with the exception of the superintendents of education and the claims agents, the Assistant Commissioners and their subordinate officers were withdrawn from the states.

For the next year and a half the Bureau continued to pursue its education work and to process claims. In the summer of 1870, the superintendents of education were withdrawn from the states, and the headquarters staff was greatly reduced. From that time until the Bureau was abolished by an act of Congress approved June 10, 1872 (17 Stat. 366), effective June 30, 1872, the Bureau's functions related almost exclusively to the disposition of claims. The Bureau's records and remaining functions were then transferred to the Freedmen's Branch in the office of the Adjutant General. The records of this branch are among the Bureau's files.

THE FREEDMEN'S BUREAU IN KENTUCKY

ORGANIZATION

From July 1865 until June 1866, Maj. Gen. C. B. Fisk served as Assistant Commissioner for both Kentucky and Tennessee. Fisk appointed Bvt. Brig. Gen. John Ely to serve as chief superintendent for the Bureau at Kentucky (from March to June 1866). Ely established his headquarters at Louisville, Kentucky, and divided

NATIONAL ARCHIVES AND RECORDS ADMINISTRATION

his operations into five subdistricts: Lexington, Louisville, Northwestern, Southern, and Central. Records relating to Kentucky created prior to Ely's tenure may be included among the files of the Assistant Commissioner for Tennessee.

In June 1866, Maj. Gen. Jeff C. Davis was appointed as the first Assistant Commissioner for Kentucky. Superintendents (or subassistant commissioners) employed under Davis were generally responsible for from 3 to 11 counties, and agents (civilian and military) from 1 to 3 counties. Agents received their orders directly from superintendents, and all superintendents were required to submit monthly reports of their activities to the Assistant Commissioner. Brig. Gen. Sidney Burbank succeeded Davis in March 1867 and was replaced by Maj. Benjamin Runkle, who served from January 1869 to May 1869 as Assistant Commissioner and superintendent of education. In August 1870, when superintendents of education were withdrawn from the states, Runkle served as claims agent for Kentucky until July 1871. H. H. Ray succeeded Runkle as claims agent, and served in this capacity until December 1871. P. J. Overley became the claims agent in January 1872 and remained in this position until the Bureau's operations in Kentucky were discontinued in April. The major subordinate field offices for the Bureau at Kentucky included those with headquarters at Bowling Green, Lebanon, Lexington, Louisville, and Paducah. For a list of known Kentucky subordinate field office personnel and their dates of service, see the Appendix.

ACTIVITIES

While the Freedmen's Bureau did not begin full operations in Kentucky until June 1866, its activities in the state generally resembled those conducted in other Southern states. The Bureau supervised labor contracts between planters and freedmen, administered justice, assisted freedmen in the establishment of schools, helped freedmen legalize marriages, and worked with black soldiers and their heirs in processing claims relating to military service.

The regulation of written labor agreements between planters and freedmen was a major concern of the Freedmen's Bureau. In a circular issued on July 24, 1865 (Circular Number 2), Assistant Commissioner Fisk told his subordinates that for both Kentucky and Tennessee freedmen must be free to choose their own employers and that wages were to be based on supply and demand rather than a fixed rate. Bureau officials were to negotiate and approve labor contracts and enforce violations by either party. Compulsory unpaid labor was strictly prohibited. In some areas of Kentucky, planters refused to enter into written agreements with freedmen, and freedmen themselves were reluctant to enter into annual agreements for fear of being reduced to slavery. However, with strong reservations, Bureau officers negotiated monthly agreements for them but encouraged freedmen to sign annual contracts that offered yearlong employment. Wages for monthly contracts ranged from \$8 to \$10 a month for adult male field hands, well below the state's average wage of \$15 a month for men. However by the summer of 1866, with the Bureau's insistence, adult laborers in the tobacco region of the state received \$25 per month and laborers in the farm belt areas earned \$12 per month. In some Kentucky counties, freedmen

NATIONAL ARCHIVES AND RECORDS ADMINISTRATION

received a third of the crops rather than wages. However, because of the shortage of laborers in the state, freedmen were able to demand higher wages, and thus over time the sharecropping system became less attractive.¹

The Bureau worked to protect the rights and legal status of freedmen, which, despite the ending of slavery by the 13th Amendment, were still endangered by the persistence of the old slave codes. On May 30, 1865, Commissioner Howard issued Circular Number 5, authorizing Assistant Commissioners to establish courts in states where the old codes existed and the right of blacks to testify against whites was prohibited. Gen. Fisk subsequently announced to the citizens of Kentucky that freedmen courts would operate in the state as long as freedmen weren't given the same rights as whites. By 1867, as a result of several Federal court rulings, Bureau courts ceased to operate in Kentucky. When state courts denied black testimony, the agency, under provisions of the Civil Rights Act of 1866, took cases involving freedmen to the U.S. District Court of Kentucky. In instances where freedmen lacked resources to pursue their cases in Federal court, the Bureau provided transportation for witnesses and other forms of assistance. Despite the Bureau's efforts to safeguard rights and secure justice for freedmen in Kentucky, admitting the testimony of blacks against whites still remained an issue in 1869 when Bureau Assistant Commissioners and their subordinates were withdrawn from the states. However, in January 1872, with a change in public opinion and pressure from the courts, the Kentucky State Legislature amended state law and allowed blacks to testify.

When Gen. John Ely began his duties as chief superintendent for Kentucky under Gen. Fisk's supervision, there were 30 freedmen schools and more than 2,000 students. The schools were organized and maintained by black churches, with black clergy as instructors. Freedmen schools faced widespread violence and white opposition, and in many cases, teachers and students were forced to abandon efforts to maintain school buildings. Ely and his subordinate assisted freedmen in reopening schools that had been forced to close.² Under Maj. Gen. Jeff C. Davis, who replaced Ely in the summer of 1866, the number of freedmen schools increased to 54, with some 67 teachers and more than 3,200 students. Excluding the schools established at Lexington and Covington under the auspices of the Cincinnati Branch of the Western Freedmen's Aid Society and the Cincinnati Branch of the American Missionary Association, the freedmen schools were taught by black teachers who were supported by subscriptions from parents and black religious institutions. The Bureau, however, rented the building for the school at Lexington. Under Brig. Gen. Sidney Burbank, who succeeded Davis in March 1867, the number of freedmen schools increased to 96, accommodating about 5,000 students aged 6-18. By

September 1868, in spite of continued violence and opposition, the Bureau had provided support for 135 day schools and 1 night school, serving more than 6,000 students.³

On February 14, 1866, the Kentucky State Legislature passed an act legalizing marriages freedmen had entered into during slavery and authorizing black ministers to solemnize such marriages. Nearly 2 weeks later, on February 26, 1866, Assistant Commissioner Fisk issued Circular Number 5, in accordance with the Kentucky law, directing those freedmen who sought to solemnize a marriage to the county clerk for a marriage license. If the county clerk refused to issue a license, Bureau officials in the subdistricts were authorized to solemnize marriages and issue marriage certificates. Local Bureau officers were required to maintain a register of freedmen marriages and forward a report of such marriages to the Assistant Commissioner at the end of each month. Subordinate Bureau officers were also told to notify persons living as man and wife who had not legalized their marriage, to report to the Bureau to take the necessary steps to do so. Persons who failed to comply were guilty of a misdemeanor and were to be punished by a fine and imprisonment.⁴ This microfilm publication reproduces marriage licenses, certificates, and registers of marriages for the Kentucky subdistricts at Augusta, Bowling Green, Columbus, Cynthiana, Owensboro, Paducah, Mt. Sterling, and Winchester. A single freedmen marriage license and a marriage certificate from Kentucky, filed in the Bureau's headquarters records, has been reproduced on roll 1 of National Archives Microfilm Publication M1875, *Marriage Records of the Office of the Commissioner, Washington Headquarters of the Bureau of Refugees, Freedmen, and Abandoned Lands, 1861-1869*.

In addition to assisting freedmen in solemnizing slave marriages and efforts to sustain the black family, the Bureau helped discharged soldiers, sailors, marines, and their heirs in claims for back pay, bounty payments, and pensions. In accordance with a law passed by Congress on March 29, 1867 (15 Stat. 26), making the Bureau the sole agent for payment of claims relating to black veterans, Bureau disbursing officers assisted freedmen in the preparation and settlement of military claims. In November 1866, in spite of the difficulties in locating veterans who fled the state for fear of violence, Assistant Commissioner Davis reported that he had forwarded more than 260 black soldiers' claims for back pay and bounty payments to Commissioner Howard's office in Washington, DC. In the following year, Assistant Commissioner Burbank reported that his office had assisted nearly 500 veterans with military claims, and in the fall of 1868, for the year ending October 10, 1868, that more than 1,100 received bounty payments through his office.⁵

RECORDS DESCRIPTION

These records consist of volumes and unbound records. The volumes reproduced in this microfilm publication were originally arranged by type of record and thereunder by volume number. No numbers were assigned to series consisting of single volumes. Years later, all volumes were arbitrarily assigned numbers by the Adjutant General's Office (AGO) of the War Department after the records came into its custody. In this microfilm publication, AGO numbers are shown in parentheses to aid in identifying the volumes. The National Archives assigned the volume numbers that are not in parentheses. In some volumes, particularly in indexes and alphabetical headings of registers, there are blank numbered pages that have not been filmed.

The volumes consist of letters and endorsements sent and received, press copies of letters sent, registers of letters received, letters and orders received, registers of freedmen court cases, special orders and circulars issued, registers of claimants, registers of complaints, marriage certificates, and monthly reports forwarded to the Assistant Commissioner. The unbound documents consist of letters and orders received, unregistered letters and narrative reports received, special orders and circulars issued, and general orders and circulars received. The unbound records also contain monthly reports; labor contracts; marriage certificates, and records relating to claims.

Some of the volumes contain more than one type of record, reflecting a common recording practice of clerks and staff officers of that period. On roll 93, for example, the volume of contracts for the Columbus field office also contains a register of marriages. Some other examples of additional series within volumes can be found in records on rolls 106, 123, and 133. Researchers should read carefully the records descriptions and arrangements in the Table of Contents to make full use of these documents.

RELATED RECORDS

In the same record group, RG 105, and related to records of the Bureau's field offices for Kentucky, are those of the Bureau headquarters in Washington, DC, and previously microfilmed records of the Assistant Commissioner and the superintendent of education for Tennessee. These record series are available in the following National Archives microfilm publications:

Records in other National Archives record groups supplement those of the Assistant Commissioner. In Records of United States Army Continental Commands, 1821-1920, RG 393, are records of the military district that included Kentucky. Records relating to employment and welfare of freedmen and abandoned property before the establishment of the Bureau are among Records of Civil War Special Agencies of the Treasury Department, RG 366. The records of the Freedman's Savings and Trust Company, 1865-1874, in Records of the Office of the Comptroller of the Currency, RG 101, contain information relating to former slaves who maintained accounts with bank branches in Kentucky.

Name Index to Registers of Letters Received

The single-volume name index, July 1871–April 1872 (13), is an index to volume (12) of the registers of letters received mentioned below.

Volume (13) July 1871–Apr. 1872

Registers of Letters Received

The twelve volumes of registers of letters received are dated March 1866–April 1872 (1–12). Entries in the first nine registers, March 1866–February 1870, are arranged alphabetically by initial letter of the surname of the correspondent and thereunder chronologically. However, each register does not contain all alphabetical divisions. For example, the “As” are in volumes (1), (3), and (9) only, and the “Gs” are in volumes (1), (2), (3), (6), and (9) only. The volume listings below show the initial letters of surnames included in each volume. The entries within each alphabetical division are numbered with a separate numerical sequence for each year, but don’t always span the time period listed below.

The last three registers, January 1870–April 1872, are arranged by time period. The entries in volumes 10 and 11 are arranged alphabetically by initial letter of the surname of the correspondent and thereunder in chronological order and numbered. The entries in volume 12, July 1871–April 1872, are arranged in chronological order and numbered with a separate numerical sequence for each year. The name index to volume 12 is volume (13) above. The letters received relating to the registers, March 1866–February 1872, are listed below.

OFFICE ASS'T COM. FOR KY., TENN. AND NORTH ALA.

Nashville, Tenn. Jan 5 1864

William Gordloe

Sir

The appointment of Agent of this Bureau for the County of Boyle having been conferred upon you, this circular letter is sent you that you may be able fully to comprehend and intelligently discharge the duties of your office.

Circular No. 2, from this office advises you of the act of Congress under which this Bureau was established—indicates the work of the Bureau and the general duties devolving upon its agents.

Let me first caution you against supervising too much. Do not overdo or come short of your duty. Direct your energies to a fair adjustment of the labor question. See that contracts are equitable, and their inviolability enforced against the employer and the employee.

Contracts for the present year, whether verbal or otherwise, will not be interfered with, except to compel, if necessary, both parties to comply in good faith with their agreements, and to settle disputes when they may arise.

Contracts for the coming year will be made in writing.

The form of contract adopted by the Commissioner of this Bureau reads as follows:

KNOW ALL MEN BY THESE PRESENTS, That _____, of the County of _____, State of _____, held and firmly bound to the UNITED STATES OF AMERICA in the sum of _____ Dollars, for the payment of which _____ bind _____ Heirs, Executors and Administrators, firmly, by these presents, in this Contract: That _____ to furnish the persons whose names are subjoined, (freed laborers,) Quarters, Fuel, substantial and healthy Rations, all necessary Medical Attendance and Supplies in case of sickness, and the amount set opposite their respective names per month, during the continuation of this Contract—the laborers to be paid in full before the final disposal of the crop which is to be raised by them on _____ plantation, in the County of _____ State of _____

NO.	NAMES.	AGE.	RATE OF PAY PER MONTH.		NO.	NAMES.	AGE.	RATE OF PAY PER MONTH.	
			DOLLS.	CTS.				DOLLS.	CTS.

This contract is to commence with this date and close with the year.
Given in duplicate at _____ this _____ day of _____ 186 .

Witness: _____ Sup't of District
Registered at _____ 186 .

The foregoing form of contract may be modified to meet the individual wants, wishes and circumstances of the contracting parties.

No fixed rates of wages will be prescribed by the officers of this Bureau, nor will any community or combination of people be permitted to fix rates. Let labor be free to compete with other commodities in an open market.

Wages will be secured by a lien upon the crops raised, or by good sureties if the employers circumstances are such as to make it doubtful as to his ability to meet the contract.

Parties can make any trade or agreement that is satisfactory to themselves, and so long as advantage is not taken of the ignorance of the freed people to deprive them of a fair and reasonable compensation for their labor, there will be no interference.

You will make the contracts in duplicate, approve and witness them, and register them in a book to be provided for that purpose. One copy will be given to the employer and one to the employee.

In many instances lands will be leased to the freedmen for a share of the crop, or for cash rent per acre. Such agreements should be made in writing.

You will inform the parties to contracts that faithful compliance with the terms thereof *will be required*. You will especially impress upon the laborer that he is to work under the direction of his employer; to be industrious and faithful, and not to leave the plantation or place of his employment in working hours without permission, unless he is treated with cruelty.

Parents should be advised that they are responsible for their children, and the children for their aged and decrepid parents, and must labor for their support, and in making contracts this fact must be taken into consideration.

Persons who neglect or refuse to make written contracts for next year with the freed people employed by them will be required, should any dispute arise as to compensation, to pay the highest wages given for the same kind of labor in their neighborhood or section of country.

Aged and infirm freedmen who have no means of support, nor any relative to whom they can rightfully look for the same will be provided for by the county authorities.

Your attention is specially directed to the following paragraph from Circular No. 5, issued by Major General HOWARD, Commissioner of this Bureau, and approved by the President of the United States, June 2d, 1865:

"VII. In all places where there is an interruption of civil law, or in which local courts, by reason of old codes, in violation of the freedom guaranteed by the Proclamation of the President and the laws of Congress, disregard the negro's right to justice before the laws, in not allowing him to give testimony, the control of all subjects relating to refugees and freedmen being committed to this Bureau, the Assistant Commissioners will adjudicate, either themselves or through officers of their appointment, all difficulties arising between negroes themselves, or between negroes and whites or Indians, except those in military service, so far as recognizable by military authority, and not taken cognizance of by the other tribunals, civil or military, of the United States."

Inasmuch as the codes of the States comprising this district in certain cases excludes the testimony of the colored citizens, you would in your county have exclusive jurisdiction in the adjudication of differences arising as indicated in the foregoing paragraph. You will not, however, in any instance assume such jurisdiction provided the judicial officers and civil magistrates of your county will act as the agents of this Bureau for the administration of justice in all cases arising as hereinbefore indicated, and proceed in such administration under the laws now in force in the State, except so far as those laws make a distinction on account of color.

You will notify the judicial officers and magistrates of your county of your appointment, and request them to signify their acceptance or rejection of the proposition that *they* act as the agents of this Bureau in the administration of justice.

In all cases where the civil officers decline such adjudication you will become the administrator of justice, and in your proceedings will be governed by the laws of the State in which you reside, except so far as those laws make a distinction on account of color.

In many counties of the State comprising this district land owners who employ a large number of families are establishing plantation schools and heartily encouraging the freedmen in their efforts to educate their children.

You will specially encourage the freedmen to enter into contracts with persons who cheerfully aid in educational enterprises.

The freedmen are quite reluctant to leave the cities and towns where they can have the advantage of good schools. If schools are established in the country as well as in the towns it will do much towards the cheerful removal of the freedmen from crowded villages to plantations where their labor is needed, and produce contentment among the laborers.

The duties devolving upon you as the agent of this Bureau are delicate, difficult and important. Upon their proper discharge materially depends the tranquility and consequent prosperity of your community. See that simple justice is done, and follow after the things that make for peace.

Very respectfully, your obedient servant,

CLINTON B. FISK, Brigadier General,
Assistant Commissioner.

 transmit a letter from Mr M. E. Colintonck Atty

 by him for the removal of the case from this court
 to the U. S. Cir. Court, which was overruled and
 Sec 3^d of the act of Congress giving protection
 to all persons in the U. S. in their civil rights
 violated by Judge Jos Doniphon presiding on
 the Harison Cir. Court. this judges remarks
 were very vindictive towards the Freedmen
 Bureau, frequently while Mr M. E. Colintonck the atty
 who was defending in a speech the laws
 passed by Congress, this judge would interrupt
 him and speak in the utmost-contempt of
 the Freedmen Bureau, which has aroused
 the public prejudice to such an extent that
 it will be difficult to manage Freedmen Affairs
 here. I had a great deal to contend with before
 but now it is worse, there has been many threats
 made, and it will be impossible for me to
 remain here and execute the laws of the Bureau
 without troops to protect me, it would require
 not less than fifteen or twenty soldiers, I suppose
 you are aware J. W. Read was run off from here by

I have the honor to report that the freed people of this part of the District have been working faithfully for their employers and performing their part of contracts with but few exceptions. I have had but few complaints against them for their non-compliance of their contracts while I have had a number from freedmen against their employers, for dismissing them without sufficient cause, from their employ, and not paying them what was due them. The crops in this section are very promising and the supposition is with the farmers that the crop will yield larger this year than they have for several years past. The school in this town and the one at Salomons are in a flourishing condition. The teachers are competent and active and give general satisfaction.

Sir

I am informed that the Church belonging to the Freedmen was seized last night, by the pastor of the Methodist Church (white) in Georgetown - that the building was forcibly opened and a new lock & key put on the door of the Church thus preventing the freedmen from using it -

You will notify the pastor of the white Methodist Church that this will not be permitted, that the Freedmen must be allowed the use of this building & that if his Church has any claim on the building he must assert it by due process of law -

You will at once open the Church for the use of the Freedmen, peaceably if you can, forcibly if you must. Should there be necessity of troops to protect the freedmen in the use of their Church

notify me and soldiers will be sent you -

You are at liberty to read all or

best to the Pastor of the White Methodist Church

You will report your action in this matter

with several others who were out door examining
the house, came to my house, and demanded
the door to be opened. I jumped up & asked who
was there? they said God send you, it makes no
difference open the door, I told them not to touch
the door down, that I would open it immediately
that I opened the door they presented their faces
at me asking for a light, I made up the light
they demanded my pistol & told me I had
none, they found the carbons as well.
They demanded my pocket book, while I
was making up the light I threw my pocket book
under the bed, I don't know whether they got it
or not, I have never seen it since.

They tore up a map that was hanging on the
the wall, saying there is a map of Lincoln on this
and tore it up. They searched my house

Having inspected part of the 6th Dist Lex Sub Dist Ky to which I have been recently appointed. I found the Schools altogether abandoned. I reached Catlettsburg in the evening of the day Miss Wilson teacher of the Freedmens school left. I had intended to be there before but could not, in her letter notifying me of her departure she expressed a desire to return. Could arrangements be made with the W. M. A to do so. which I hope she has been able to do. She would no doubt explain fully to you how many scholars could be had and the amount of the expenses the colored people could assume toward supporting their school. Having been lately appointed I cannot speak definitely of their ability myself, but could arrangements be made to send Miss Wilson back to Catlettsburg before the children composing her school are scattered it would be a great benefit to the freedmen whose confidence she has. And all that I can do will be done toward the care and assistance of the school.

I have the honor to report that I have inspected that part of my Dist bordering on the Ohio and Big Sandy Rivers. from Greensburg Ky to Louisa Lawrence A Ky. I found the condition of the Freedmen fair. the greatest want being schools, there being none in the Dist at present. the one at Catlettsburg closed early in Oct. the one at Greensburg last week & there has never been one at Louisa. The school at Greensburg was supported by public money but no more can be had from the same source at present. the school comm^{rs} believing they have incurred as much indebtedness as their share of the school funds arising from the tax on Negroes will liquidate. the one at Catlettsburg was supported partly by subscription partly by the American Missionary Association. It seems from a letter I rec^d from Miss Wilson teacher of the Freedmens school at Catlettsburg that the money collected by W. W. Rogers on the subscription list has not all been turned over by him. for the purpose for which it was intended. I will call on him for an explanation (I enclose herewith Miss Wilsons letter) there can be about the following number of scholars had induced from 25 to 30 Catlettsburg 30 to 35. in Greensburg 35 to 38 in Catlettsburg the colored people can

provide the school-houses, I cannot speak
definitely of what the Colored people can do in
Louisiana but I am expecting reports from them
by the end of next week from which I expect
to obtain the desired information. please inform
me what assistance I can have toward the
support of schools in this dist. I have written
to the American ^{Association} to return (if possible)
Miss Wilson the former teacher to Chattanooga
It is almost to find transportation to the

there I could hardly hire a horse which
is the only way I could reach them. there

I recd. Your communication of Oct 22nd And am pleased to hear so much can be done towards supporting a school for Colored Children. Is the Amount mentioned (\$30.50⁰⁰) what can be had per month or altogether. It is very important that I should know before I make application for a teacher. There has been a meeting of the Colored people at Greensboroing and from their earnestness in the matter I am sure they will have a school before long. You can do a great deal among the Colored people from the position you occupy and you must use it for their benefit. I will give you all the assistance possible. From the length of time that has elapsed since I wrote to the Chairman

Missionary Association I am doubtful whether we can have a teacher from them and from Miss Wilsons letter there is no encouragement. There is one great objection the small number of children in your village. And the only way that I can see of getting over that objection is to have a lodging house for the children from a distance and let them bring their victuals for the week with them and have them cooked for them. At their rooms, they could return to their homes on Friday evening & Saturday and return on Monday morning to school. Mention this matter to them back from the River and above and below Catlettsburg about half way to Ashland, and urge the importance of their attention to this and let me know the result as soon as possible. Meanwhile I will inform you of the result of my communication to the A. M. A. should I ever hear from them.

Anxious to aid the Freedmen in their efforts to establish a school. I called a meeting of them on the 25 inst

at this place. At which I appeared (1)
 subscription list to ascertain the amount that
 could be paid each month towards supporting
 a school. there was \$1750 subscribed, not enough
 to pay a teacher.

They had a school for three
 (31) months supported by public money, which
 closed on the 15th instant the school Comm^{rs} be-
 lieving they had assumed as much responsibil-
 ity as the fund arising from the tax on houses
 would liquidate there is 37th scholars in
 this part of the district convenient to
 Greenupshurg. And could you send us
 a teacher and make up the difference between
 the amount the colored people can raise and the
 salary of the teacher. It would be an act
 worthy of your noble Association and a great
 blessing to the Freedmen of this vicinity.

I write to Mrs Coraath some time since
 in reference to sending Mrs Luthera Wilson a
 back to collecting to which I have recd no

I have the honor to ask some information in regard to establishing a school for colored children at this place. There are nearly fifty children in this town, and vicinity but their parents are in too destitute circumstances to support a school, without some assistance from other sources. They are very anxious to have a school and promise to do all in their power sustain one and I would therefore respectfully request some general instructions in regard to the best method of organizing one - such as procuring a teacher, renting a building &c. Sir

I was ordered to take charge of this Dist a short time ago for the purpose of looking after the interests of the Freedmen, on my arrival here I found that the school at this place had been discontinued for some time past, and although the Freedmen are very anxious to have a school they are unable to support one without some assistance from other sources, I am using every effort in my power to establish a school place in view of which I write to know what assistance your association can render in furtherance of a work that indeed would be a blessing to the colored people of this section. The Freedmen are willing to do all in their power toward supporting a school but I find that twenty dollars per month would be the amount of subscription that could be depended upon. There are nearly fifty children in this town and vicinity, and respectable school I feel satisfied can be gotten up.

See L. R. p. 153

I wrote to Capt. R. E. Johnson chg Supt Lexington Dist a few days ago in regard to renting a building, and other matters pertaining to the school and I hope to get an encouraging reply in a few days. My greatest trouble was in procuring a teacher the Freedmen not being able to pay the salary required. I wrote to the Freedmen's Aid Society at Cincinnati for assistance but the Secretary replied that they could not help me as their funds were exhausted. I have however succeeded in securing the services of a competent Teacher & by subscribing heavily myself hope to be able to keep the school in operation until such time as the condition of the Freedmen will enable them to support the school independent of outside assistance. please let me know as soon as convenient whether my arrangement as regards renting a building meets with your approval.

I succeeded in procuring steady employment

for many who were wandering about from place to place & with men who will deal fairly with them. I organized four night schools and distributed a supply of books that I obtained from the Freedmen's Aid & other societies among them with instructions as to how they could advance themselves in the absence of regular day schools. I opened a school at this place some time ago, which is now doing well having a full attendance, and the pupils are learning fast with a view to opening schools at Catlettsburg, Boyd Co. and Louisa & Lawrence Co. There being a large number of Freed people at each point I would respectfully request an order to visit those places, for the purpose of conferring with the Freedmen, in regard to their ability to procure school buildings and pay teachers, and also to procure employment for such as are without it.

in accordance with instructions contained in

of my District bordering on the Ohio and
Big Sandy rivers from Greensburg Ky to
Louisiana Lawrence Co. Ky. The Freedmen
with some exceptions are getting along
very well, though not as well as in other
portions of my District, owing to the
fact that many of them coming from

212
Virginia, and Tennessee during and since the
rebellion and being in destitute circumstances
have not yet been able to earn the means to
make themselves comfortable. I obtained
employment for as many as I could, and en-
couraged others to seize every opportunity to
labor and thus secure for themselves com-
fortable homes. There are no schools at Cast-
lettsburg or Louisiana. At the latter place a
school cannot be opened at present this
being the busy season most of those who
otherwise could attend school are compelled
to work. I may be able to open one there in
the course of two months. At Castlettsburg, a
good school may be organized immediately, the
only hindrance being the want of a building,
a competent teacher who resides, at present, in
Frankton, Ohio, promises to take charge of the
school in case I can get a building in which
it may be taught. I shall apply immediately
for permission to rent one, an attendance of
from 40 to 50 scholars can be secured
where difficulties arise between the whites
and blacks. I find that the civil authorities
are only too willing to punish the latter, while
the former are allowed to go free upon the slightest
pretext.

Captain,

I have the honor to state that the Freedmen in this district are generally doing well nearly all are employed and there are but few cases of destitution, and those are mostly confined to the class of blacks who came here from Virginia and Tennessee and who having to labor under some disadvantages have not been able to secure for themselves comfortable homes as yet. Education is progressing finely. The Freedmen interesting themselves very much in sustaining the schools, there have been but few difficulties between the whites and blacks, and those being of a trivial nature were settled without a resort to the law. did it become necessary a case into the Civil Courts the black man would not get justice at the hands of the Civil authorities excepting where the County Officers are loyal men.

I have the honor to ask some information in regard to the following case: Some years ago Joseph (Colored), then a slave, married a mulatto woman, also a slave. They lived together until about the time President Lincoln issued his proclamation freeing them when Joseph separated from his wife and remained so separated until January 1867. He then went to her and requested her to go and live with him, which he says, she refused to do. He then went to the Clerk of the Court at this place and obtained a licence and married another woman. A short time since his first wife brought suit against him for the maintenance of herself and children of which there are three, and also to test the legality of his second marriage. The Court here decided that she has no claim whatsoever on Joseph, he being a slave at the time of his first marriage, and therefore not responsible for any contracts he may have made. She now appeals to me for redress, but not knowing what action the Bureau would take in the matter. I thought proper to write to you for instructions.

Captain:

I have the honor to ask some in-
 structions as to how I shall proceed in
 the following case. A Freedman having contrac-
 ted to work for a farmer named Thomas Stillet
 who lives in the lower part of this County, and
 having fulfilled the contract applied to Stillet
 for his pay Stillet refused saying that he had
 paid him enough, having ^{given} him some provisions
 probably to the amount of one fourth of his wages.
 The black man insisted on having a settlement
 and getting the full amount due him. whereupon
 Stillet seized a hoe and struck the black man
 knocking him senseless and then beats him se-
 verely. Now the black man appeals to me for
 redress, and as the civil authorities will not
 take any steps to punish such outrages, I
 would respectfully request that you give me
 full instructions as to how I shall bring these
 lawless scoundrels to justice and set an exam-
 ple for a great many who I find do not hesitate
 to cheat and abuse the black more especially when
 they have no fears of the civil law.

I have found it necessary to keep them in session
thus far in order to secure the benefit of the

to schools for colored children approved March
9, 1867, and referred to in circular letter dated
office Chief Subt Freedmen Schools Louisville

I have the honor to state that the
Freedmen in my district are in most cases
doing very well. They are with but few exceptions
employed and there would be but few difficulties
between them and the whites were it not for
that spirit of malice exhibited by the latter
toward the black man. The disloyal portion do not
hesitate to take advantage of and abuse the Freed-
man when they think they can escape detection
and they have nothing to fear from the Civil author-
ities, who say that the nigger has no rights that
they are bound to respect. Thus far I have been
able to settle all difficulties by threatening to
take the cases into the U.S. Court, but

Now I find that it has become necessary for me to take some strict measures to put a stop to this abuse of Colored persons by cowardly rebels and also to show the Civil authorities that the black man is to be protected in his right and liberties.

Education is progressing as well as could be expected. The colored children learning very fast.

I have the honor to ask
some information in regard to the
following case: - A Colored woman,
who had been an invalid for some
months past, died in this county on
the 8th Inst. she left one child whose
father is still living but who has
never done any thing toward the sup-
port of the child and I am satis-
fied that he does not feel the least
interest in its welfare, after its
mothers death I procured a comfort-
able home for it with a respecta-
ble colored family, who signifies a
desire that it be indentured to them
promising to comply with the rules
governing such contracts, shall I
take the responsibility of indenturing
it without consulting its father
who resides, about 40 miles from here,
in Carter Co. Ky.?

Your communication respecting
Schools addressed to Rev E. P. Smith, came
during my absence from the City and hence
the delay in answering. We are unable
to assume any further expense in the
support of schools for the present year.
Teachers are now ^{only} sent where the whole
expense can be provided for in the
field. In attempting to meet the most
pressing calls for Teachers we have gone
even farther than the ^{present} financial con-
dition of the country, make justify. Perhaps
the Supt of Education for the state can
help you to some funds by the rent of
a building. We regret greatly our inability
to meet all the calls made upon

Dear Sir

In regard to lumber taken by
the U.S. troops from Robert E. Crutcher
it is hard to tell the value, the
same kind of lumber was purchased
in Cincinnati about that time and
was shipped to the Sandy valley at a
cost of from fifty to seventy five dollars
per thousand. When our mills sold
for life, & at the time, told Crutcher
that other mills sold at thirty per
thousand, I regard twenty five dollars
cheap, I do not know the amount of

lumber they received as I did not mea-
ure it. I saw boats loading with lumber
at the mill of Leitcher & Co opposite
the mill across the river. I regard Robert
& Leitcher as an honest man & have known
him for several years. To my knowledge of
him he would not make out a false account
he has been a Union man during the re-
bellion

Dear Sir

Yours of the 3rd Inst just
received, and contents noted which
I hasten to answer as follows:
Allen Harper & Thos Porter are both
disloyal, having voted for John D.
Young. John Armstrong is a
true loyal Union man, voted for
Saml McKee - a good recommenda-
tion for loyalty. Thos J. Melley is
an out and out Rebel, was during
the war and voted for John D. Young
May 4, 1867, which proves him to be
disloyal. As for Jane Justice I
will say that she is a rebel wo-
man. I can't call any rebel a
lady, her son, one of them, served
one year in the Union Army, but he
voted for John D. Young rebel
candidate which proves that
he fought against his principles
In short I don't consider any of
the persons named. Loyal, only John
Armstrong Esq. and as regards his
loyalty he is beyond suspicion. (over)

I am directed to acknowledge the receipt of your communication of the 24th ult. requesting information respecting the discharge papers of George Barnes, formerly Cor C⁵ U.S. Colored Cavalry, and to state in reply that his discharge has never been received at this office. Upon inquiring at the Adj't Gen's Office it was found that the name of George Barnes is not borne on the rolls of Cor C⁵ U.S. Col. on file in that office. There is evidently some mistake as to the organization to which he alleges to have belonged. If his claim was forwarded direct to the office of the 2^d Auditor of the Treasury it will be necessary to know about the date it was forwarded and also the date of his discharge from the U.S. Service to ascertain the condition of the claim.

Your note of inquiry about the loyalty of Mr J. May of Floyd Co. Ky is at hand. Mr May could not be called strictly loyal. He was considered by his neighbors a rebel sympathizer. The Union men never had any confidence in him being always distrustful of him. I think he was arrested once and compelled to take the oath and probably give land.

Yours of 27th Ult
is at hand and in reply I would state
that James P. Harris is now & has always
been since the commencement of the
war disloyal. He is our County Judge
and votes the Rebel ^{side} ticket throughout
we have no John P. Harris. There is a
John B. Harris here that was a soldier
in the Rebel Army throughout the war.
I have taken it for granted that James
P. Harris County Judge is the man you
want information from and consider him
as had a rebel sympathizer as we have
here, and mean to hood.

Sir,

I have the honor to submit the following report
of affairs in this district for the month of March 1868
relating.

The clothing has been issued this month, and the amount
on hand is sufficient to supply all wants that may arise for
some time to come.

General condition of the freedmen.
Freedmen during this month have been doing well.
The abundance of work at this season brings within reach of
nearly all sufficient means of support. The supply among freedmen

freedom to work on farms, which has been very general, owing to fears of ill-treatment and losing their wages is fast disappearing.

Outrages.

But one outrage has been reported in the First district and that of not an aggravated character. The case is before the U.S. Court. In the Second District there has but one occurred and the parties were both women, the case was compromised.

Schools.

The new schools have been started in the First District owing to the non-arrival of expected teachers.

In Morganfield there is a prospect of having a fine school. I am daily expecting a subscription list of freedmen from that place to purchase a suitable schoolhouse. Having obtained an assurance of protection by the Government and of a small monthly contribution, they went to work in earnest expecting soon to have a school with about twenty-five pupils.

In Madisonville with a school already numbering sixty pupils there is nothing needed except a teacher.

The day-schools in Henderson now contain eighty-two pupils, and the Sunday schools, one hundred and seventy.

A night school will be started in this place in a few days.

I recommend that the amt. of \$2000 be paid to W. Gilchrist for rent of school in Henderson, be paid to C. B. Whitman from now after March 1st 1868.

In the Second District schools have been established at Hannasville Hancock County, Ky. average attendance of 38 scholars, which with the increase of the other schools make a total of 176 scholars attending schools in this Dist; this month, little assistance will be required from the Bureau except a donation for the erection of school houses.

Sir,

Herewith I have the honor to transmit you my monthly Report for the month ending on the 30th inst. They contain the following Special Report:

Clothing

To the amount of nine dollars and fifteen cents has been issued to indigent freedmen during the present month.

In my opinion, no more will be required in this district during the coming spring and summer months. The demand for laborers make it in the power of nearly all so doing it to obtain work.

The General Condition

Of the Freedmen throughout the district is as good as could be
 (over)

expected considering the excited condition of the people relative to the various questions that now engage public attention. There is a constant disposition on the part of the whites all over the district to arrest and punish freedmen for petty offences which committed by themselves would pass unnoted and the result is the courts are crowded with petty cases in many of which gross discrimination against freedmen defendants in trial, verdict and judgment is made. The approaching local election is creating greater excitement than ever was known in this district during any political canvass. There is ground for belief that on election night certain persons will attempt to mob the Bureau Office at this place. Many threats to this effect have been made. On the night of the 22nd inst. a crowd of about thirty persons collected together in Henderson with the avowed intention of mobbing the jail and lynching two negroes that are confined there. Had it not been for the troops the rioters would have succeeded. It is believed that a branch of the Ku Klux Klan has been organized here. Union County is the most rebel county in the district. During the month several characteristic complaints have come from that section; one, that a colored woman and her children have been kept in slavery as nearly as could be done, since November 1865; another, that a colored boy was seized - brought before the county court, and then apprenticed, his age having been given as eleven, when it was known it was over fourteen. Another boy whose age was misrepresented when he was bound by the court, was publicly horsewhipped in Morganfield in a cruel manner in the presence of a large crowd. This because the boy had gone to town for recreation.

Outrages

No outrages except those already mentioned have been reported.

Schools

The night school has been opened during the month in Henderson. It now has fifteen pupils. A small school in Princeton has been taught since January. It now

(over)

contains 24 pupils. The teacher intends to close the school next month as he is not able to pay expenses, with a little aid however he will continue. I would therefore recommend that \$5. per month be paid to Alexander Howard for rent of school in Princeton from May 1st 1866. The number of pupils will be materially increased. In the Owensboro Sub district there has been an increase of 62 scholars during the month and that in the face of much sickness. A new school called the "Hopkins Farm School" with an average attendance of 40 scholars has been established this month and by the tenth proximo it is expected three others will be opened in that district and the same number if not more in the Henderson Sub district; in the latter district sixty four new scholars have been enrolled during the month.

Special Orders No. 26 of March 4th prescribing Office hours has been complied with in this district during the present month.

Colonel.

I have the honor to report for June 1868, as follows

General condition of Freedmen

Labor is in such demand on account of the increase in crops planted this year that but few Freedmen are idler.

Contracts to cultivate land on shares are discouraged, as such agreements open entirely too wide a field for employers to defraud Freedmen which their prejudices constantly incline them to do.

Fixed wages can be comprehended by the Freedmen, simplifying as it does the system of paid labor.

As Freedmen as a general rule know nothing whatever of accounts when they enter a contract on shares they are cheated from first to last, and a final settlement by compromise is ruinous to them while it can only benefit the employer.

Such contracts too are usually sought by those unable to pay wages, who on settlement of violated contracts (when they occur) are found to be bankrupt.

The Freedmen of Henderson were very much disturbed about the 10th inst by the appearance of masked men calling themselves "The Klux Klan" who published by reports that they had come to rectify the wrongs of the whites and straighten the "Niggers" into their places. They made an example by

whipping a Negro some miles off who they alleged had insulted a white person. No complaints have been made by the negro, but "of the Klan" have profaned this Office more than once. I have decided that if they enter the premises I will fire upon them. I think we can reduce their No. slightly. Sub. Apt. Comm. V. H. L. Charon 1st Sub. Dist. has received written notice from them of unintelligible jargon, commencing "Let us alone, and we'll let you alone." I recommend a system of lectures inaugurated to instruct the Freedmen upon their privileges and rights. Their only instructors worthy readers are lamentably unfitted for this task, and probably do as much injury as good. If they can only plainly see what education, morality, and industry can accomplish for them, it is reasonable to suppose such a credible course will be eagerly followed.

Outrages

1st Sub. Dist. Two cases of maltreatment. One settled one whipping by Ku-Klux-Klan parties unknown.

2^d Sub. Dist. One case of maltreatment - bail to appear at Davis County.
